

# BRAZOS BEND BUNCH BUGLE

VOLUME 23, NUMBER 12

DECEMBER 2011

## BBEEC REPORT

by Chuck Duplant

The Brazos Bend Environmental Education Center Committee met on November 9 with Bill McDonald, Landscape Architect, and Gordon Bohmfalk, head of Planning and Design, from Texas Parks and Wildlife. The meeting went great, and they have offered to help with design and a schematic drawing of the new building. Their enthusiasm for

this project was infectious, at least to me.

Our needs and wants for the new building were discussed and other ideas thrown around. With their help, knowledge and skills, we are on our way forward. To help us move forward, Dave Armstrong and Mike Manley have put together a business plan that will give us more structure and direction. They presented this plan to the Building Committee, and it was approved. They will present it to the Volunteer Organization at the General Meeting on January 14. The meeting will be held at the Dining Hall (time yet to be determined)

Hope to see as many of you there as possible.

## MERRY CHRISTMAS AND HAPPY NEW YEAR

The BBSPVO wishes each and every member, host and staff at BBSP a very Merry Christmas and a wonderful 2012. Here's hoping your Christmas stocking is full of all good things.

# GENERAL MEETING

## NOVEMBER 12, 2011

President Offie Walker called the meeting to order. There were 15 volunteers, 1 VIT, 3 guests, and 3 staff present. Guests were Austin Hager, and Chris Bishop's parents. Offie thanked those who brought dinner: Nancy Lynn Jones for ham, Diane Carpenter for salad, and the Volunteer Organization for the cake of recognition to Chris Bishop.

The minutes of the September meeting were approved as posted.

Steve Killian, Chris Bishop and Sharon Hanzik brought staff reports.

**TREASURER'S REPORT:** Bob Kowalewski brought the Treasurer's report. He discussed the monthly report for October and funds available for purchase.

The following budget requests were approved by the general membership:

1. Replacement battery on the John Deere Gator, to be paid out of Volunteer tractor supplies and maintenance.
2. 10,000 Outreach stickers to be given to visitors at events .
3. Herbicide for bottomland forest, to treat Chinese tallow trees
4. Feral hog bait corn, to bait traps for hogs.
5. Deer corn for November and December hunts
6. Panels for bird ID on Elm Lake Viewing Platform from platform account
7. Chain saw, from Tools and Equipment.
8. Lumber and hardware for observation deck on west end of Live Oak Trail, from funded sources, Eco- explorers, and Ramsayer and Kilgore Exxon-Mobil .
9. 37- ton log splitter.
10. Two John Deere gators with 2 windshields, bed liners, and lifts.

Chuck Duplant discussed putting money aside for 2012 for BBEEC. He will propose a regular appropriation to increase the restricted fund at the December meeting.

### **COMMITTEE REPORTS:**

**COMPTROLLER:** Rachelle Watson is resigning as Comptroller as of January. Nancy Lynn Jones will take the job in January. Thanks to Rochelle for what she has done, and thanks to Nancy Lynn for accepting.

**GIFT SHOP:** Beth Debenport reports that committee members are looking at redoing the display shelves for the Gift Shop. We have increased sales and need to keep inventory on hand. New doors for the GS have been purchased and installation will be completed soon.

**MAINTENANCE:** Pete Hart reported that the work crew put in 185 hours in October. There are 5-8 volunteers working Tuesdays and Wednesdays. They have been helping put in a trail in the prairie, completing lots of tree trimming, and splitting wood.

**OUTREACH:** Judy Strauss reported that she will be doing a special outreach program for Kids Unlimited, children with cancer, on December 10. Dave Armstrong has been doing nursing home outreaches. We appreciate his help with this.

**NEWSLETTER:** Anna Dell Williamson reported that the November newsletter will be on the web in a couple of days.

WOOD YARD: Chuck Duplant thanked the Tuesday/Wednesday work crew, who split and bundled 9 cords of wood in 2 months, much of the time with a broken splitter.

BBEEC BUILDING COMMITTEE: Chuck Duplant reported that the new NC is becoming a reality. On November 9, we met with 2 representatives from TPWD infrastructure, Bill McDonald, Landscape Architect, and Gordon Bohmfaulk, head of Planning and Design and talked about the new building. They will soon work up a building scope with schematic drawings, and take us up to construction drawings. They will fund the drawings, which will save us a lot of money. We will meet again in December to go over plans.

Dave Armstrong and Mike Manley have a project plan to add structure to the building committee and volunteer organization as to how we do fundraising and get everything in line. At the general meeting in January, we want as many people present as possible. It will take all of us to get the building built. This is the grandest thing we have ever tried to do. In January we will approve the plan as an organization, and discuss fundraising. We are looking into online donations and other projects, and beefing up our programs. The structure designed by Dave and Mike for us to do this will be presented at the meeting in January. The Dining hall has been reserved. We might meet earlier in day, and we will have a dessert tasting instead of a dinner.

TPWD has asked us to hold off on fund raising, probably a year. They have 2 other projects in the Houston area and want to get that fund raising done before we start. It will take about a year to be ready to do any fundraising. The Austin folks were impressed with our work and excited about this project. Another consideration is getting some grant writer training. If interested, contact Chuck.

Offie reported that the annual volunteer picnic was a great success. There were more than 100 attending. There was seating for 80.

OLD BUSINESS: Sharon presented awards to those who missed the picnic: Jaci Eliot (Excellence for all-around service), Bruce Williamson (Emeritis), and Anna Dell Williamson (Teamwork for Gift Shop).

## T'WAS THE NIGHT BEFORE CHRISTMAS AT BRAZOS BEND

*By David Heinicke*

T'was the night before Christmas at Brazos Bend Park,  
all the creatures were stirring, soon after dark.  
The Gators were nestled, all snug in their dens,  
to avoid foul weather and December's cold winds,  
With the fire getting low and just about out,  
I slid into my bag, and quickly passed out.  
When up from the creek there arose such a clatter,  
I sprang from my tent to see what was the matter.

Off toward the creek, I started to hike,  
 Through the bushes and briars and brambles like.  
 By the light of the moon, I could see where to go,  
 It lit up an object, in the creek down below.  
 I saw what it was with a lump in my throat,  
 It was eight alligators, pulling a flat bottom boat,  
 With a jolly fat man in red overalls,  
 I knew in an instant it was old Santa Claus.

More rapid than otters, his gators they came,  
 And he whistled and hollered and called them by name,  
 "Now Stimpie, Now Stumpie, Now Bumpie, and Cruiser,  
 On Tanker, On Tonka, On Bonker, and Bruiser,  
 To the edge of the creek and on up the draw,  
 Pull it up, Pull it up, Pull it up, Ye Haw!!"  
 So up to the campsite, making all sorts of noise,  
 Came old Santa Claus, with a boat full of toys.

He was dressed all in red, with a big cowboy hat,  
 And mud on his pants that had splattered and splat,  
 The beard on his chin was as white as a goose,  
 And his tummy so fat, t'was bout to bust loose.  
 He set out the toys by the light of the moon,  
 Why, I think he even had toys for the coons,  
 He put out some toys in each campsite,  
 Then off to the next one, in the dark of night.

He finished most quickly, all 90 campsites,  
 By the time he returned, his bag was quite light.  
 He jumped in his boat and called to his gators,  
 Smiled back at me and yelled, "See ya'll later,  
 I've got a busy night, with many stops to make,  
 So I better keep moving, cross river and lake",  
 But I heard him holler as he floated away,  
 "Merry Christmas to all, and enjoy your stay".

## STAFF CHRISTMAS PARTY

Volunteers are invited to the staff Christmas party, which will be a POT-LUCK supper at the DINING HALL at 6:30 pm on DECEMBER 22nd (a Thursday night). We understand that it is not always convenient for everyone but it's the best we can do since the building may be rented on a weekend, and office staff does have to work late on weekends. There will be no gift exchange this year - your gift will be your presence. NO RSVP REQUIRED.

# STAFF REPORTS

## **PARK SUPERINTENDENT STEVE KILLIAN**

October was another record month. There was only one bad weekend when we received 6 inches of rain. We needed the water more than the revenue.

The new entrance sign has been installed at the front of the park. It is not completely finished, because we are having to put a fence around it, which still needs painting. The first weekend, a group climbed on it and slightly damaged it, so the fence is for protection. A press release will announce the grand opening and ribbon cutting soon.

We need new signage for the Nature Center and the George Observatory, more in line with what we have in front. The NC sign needs to be moved to a more visible place and needs to be more eye-catching.

Staff has been busy with general grounds maintenance, mowing, shredding trails, (trails take lots of time from volunteers, hosts, and staff). Drought work includes removing trees, etc., over the next 6 months. Facility work has included some plumbing issues. The new restrooms are finished with heaters replaced. We need to add lighting.

Deer hunt preparation is underway. We have a large healthy herd because we manage the population by the hunts. We hope to harvest 60-70 deer this year, and to remove 15-20 feral hogs. The hunt starts this Tuesday and ends Thursday at noon, when the park will reopen. Volunteers are welcome to come and help. The second hunt is scheduled December 13-15.

Steve announced that Assistant Superintendent Chris Bishop will be leaving to become Superintendent at Lake Whitney State Park. Chris will benefit the entire division and park in this position. He will continue to provide assistance here thru November, helping us out. November 26 is his last day. The park is better because he was here. There will be a big hole to fill. We are developing a hiring committee and will begin the search process in December. Chris has been awesome, and we wish him well.

Chris reported that he and his wife chose Lake Whitney for its size and its proximity to Waco and Ft. Worth. He will start there on November 28. He has written a letter to staff and volunteers, which is printed below.

Steve was asked about the internet installation for the Nature Center. We have 2 towers, and Ted Bishop is tasked with contacting Ft. Bend County about the County installing our towers, which they can also use for communication.

We also asked about finding a solution for a faster entry into the park for staff and volunteers when visitation is high and headquarters is crowded. Steve will look into options.

## **SHARON HANZIK INTERPRETIVE RANGER AND VOLUNTEER COORDINATOR**

Sharon welcomed VIT Leigh Allen.

We had a good turnout for Halloween weekend activities and for Prairie Heritage Day.

The lounge storage closet was cleaned by Beth Debenport, Diane Carpenter, and Anna Dell Williamson. Please help keep it clean and orderly.

A press release has gone out about the new volunteer training in February. Applications will be accepted on line through November 30. Everything to apply is on line, and information brochures are on the wall in the NC.

Ted Stevens is hoping that those interested in conducting geo-caching programs will attend public programs presented every weekend in November to learn how to lead the class, which is very popular.

Thanksgiving week is a very busy time. The NC will be open every day 9-5, except Thanksgiving Day. Help is needed.

Simple Christmas is the first Saturday in December. We may not have Dutch oven cookers, and the face painters need more help. Sign up times are on the events calendar. We are here 3:00 PM to dark, and the Brazos Pickers will be here 5-7. It is also a Texas Outdoor Family weekend.

The Halloween movie was attended by over 100 participants. This activity is presented by the Watsons, who may need help next year.

## MOVING UP THE RIVER . . .

*by Chris Bishop*

If I had my preference, I would deliver this news in person. However, news seems to be traveling quickly, and I'd much prefer you hear it from me--even if it's through a letter to everyone.

I just accepted the park superintendent position at Lake Whitney State Park in Hill County, just northwest of Waco. I am very excited about the opportunity, and I am comforted by the fact that Lake Whitney is just a hundred or two miles up the Brazos River from Brazos Bend. Lake Whitney has some nice features, and it has a bunch of untapped potential. The proximity to Waco and Fort Worth makes it suitable for Sarah's business. And I confess that the fact that a new Relson

Gracie Jiu-Jitsu school opened in Waco on October 1st only adds to the appeal.

I am grateful for the opportunity to have worked with you here at Brazos Bend. I am honored and humbled by the opportunity that I was given here. I learned a lot and enjoyed my time at Brazos Bend. In addition to the professional value of this experience, the past two years have been among the most personally gratifying and happiest times of my life. I will miss you dearly.

One of the things about working for Texas Parks & Wildlife that I love is the fact that it is a small community. I am thrilled to run into colleagues with whom I worked at Lake Houston and Purtis Creek, and I know it will be the same with you. I look forward to working with you in the future.

Thank you again and keep in touch.

## GATOR RUN

*by Carrie Sample*

The Brazos Bend Gator Run sponsored by Pilates Powerhouse was held on October 23, starting and ending at the Elm Lake Pavilion. The following volunteers were on the route or at the Pavilion assisting with the race: Mike Manley, Pete Hart, Woody Scott, Judy Strauss, Noel Duncan, Maureen Goode, Jaci Elliott, Reyes Torres, Frank Seay, Jerry Carpenter, Eddy Grizzaffi and Carrie Sample. BBSP Volunteers were given Brazos Bend Gator Run T-Shirts and were provided with breakfast, lunch and drinks.

BBSP volunteers Linda Heinicke and Kat Hosek took part in the event. Linda and her daughter, Crystal, came in third in the relay.

The sponsors will hold another racing event in January.

## TPWD POSTS VIDEOS TO YOUTUBE

Texas Parks and Wildlife has posted two new video news releases to its YouTube page. 'Quail Quandary' talks about the drought toll on Texas wildlife and specifically the bobwhite quail. 'Animal Rehabilitators' showcases a Houston mall where injured and orphaned animals go for rest and rehabilitation. The quail video can be accessed at <http://youtu.be/AhM8bDBeOnY>, and the animal rehabilitation video can be accessed at <http://youtu.be/4plujcGyZto>. # NATURE CENTER REPORT NOVEMBER 2011

Below are the totals of the various activities and attendance recorded for the Nature Center, hikes, and programs for November 1-30, 2011. The NC was closed for 4 days - 3 for the hunt, plus Thanksgiving Day. Attendance was high except for a couple of much-needed rainy days. Black Friday brought us more visitors than some weekend days - not everybody was out shopping. The Creekfield hike on November 5 had 157 participants. That was done by 2 volunteers. The snake programs attracted big crowds, requiring the leader to do 2 programs on November 19.

# CHRISTMAS BIRD COUNT

by Bill Godley, BBSP volunteer, hike leader and CBC co-compiler

Blue Jay, J. Zona

Hi Enthusiasts!

Whether you were able or not to participate in the past, please join us Saturday, December 17, 2011 for the 27th Annual Brazos Bend Christmas Bird Count. Last year, we set records for participants, species identified (159) and Swinging Door BBQ consumed! No leftovers yet again!

Skilled leadership for each team assures good fun for beginners and experienced birders alike. An enjoyable day for each of you is our top priority.

Visit [www.brazosbend.org](http://www.brazosbend.org) <<http://www.brazosbend.org/>> and click on the "27th Annual Christmas Bird Count" link to view our 2011 CBC flyer. Contact compilers Bill Godley (fribbish@msn.com 281-341-6684) or Justin Bower (jbower47@hotmail.com 281-293-7389) for assistance and preassignment if desired. Otherwise, simply show up at the BBSP Nature Center at 6:30 a.m. for assignment and a day of enjoyment and good companionship. And don't forget the coveted "Big Bird Award!"

Thanks to all of you for your continued support to Brazos Bend State Park and participation in any of over 2000 CBC events throughout the hemisphere. Their importance is significant to all of us.
